### Concerns: Technical Program “Call for Panel Ideas”

Dear IYNC Board Members, National Representatives and Participants,

We are seeking panel submissions from young professionals for IYNC 2020. These sessions are approximately two hours long and feature 3 to 4 experts on a specific topic, or, depending on the format proposed, on multidisciplinary subjects. Potential topic areas include, but are not limited to:

- Uranium Mining: mine exploration, supply and demand, economic and environmental issues
- Nuclear Health and other applications: radioisotopes, new technologies for health applications, regulation, agriculture and so on.
- Communication with the public: create a bridge between the public and the industry, terms to avoid
- Diversity in the Workforce: gender, age and nationality diversity, UN recommendations
- Innovations & challenges in Nuclear: new reactors, new nuclear fuels, accident tolerant fuel
- Challenges related to Nuclear Fuel Close Cycle: sustainable way to the close fuel cycle
- New young leaders of the nuclear industry: tackle the beginning of a career, YG contribution to nuclear industry cause.

We encourage submissions on all topic areas, even those not listed here – we are interested in highlighting unique and emerging issues in the nuclear sector. If your submission is accepted, you could be invited to serve as the manager of your panel. You will be responsible for reaching out to experts in your topic area to invite them to participate, with support from the Panel Co-Chairs. For more information and to participate, please visit: <https://iync2020.org/index.php/panel-sessions/>

Please fill out the corresponding Google Form with your ideas **by March 30<sup>th</sup>** and send an updated CV to the Panel Session Chairs.

If you have any further question or you want to discuss more about the possibilities about participating to IYNC 2020 Panel Session Event, please contact us through [alice.cunhadasilva@iync2020.org](mailto:alice.cunhadasilva@iync2020.org) and [andrea.quaini@iync2020.org](mailto:andrea.quaini@iync2020.org) with subject line “IYNC Panel Proposal”.

Thank you for your creative input and best regards,

Alice Cunha da Silva

Andrea Quaini
